in the d ctrine of heredity. His father I never knew, but his grandfather, as I have soid, bore a great reputation for courage, as was indicated on his tombastone, the inscription on which ran as follows:

They are a species of morbid extravasation of vegetable surars analogous amining them for an hour at a time. He was also very much given to voyages of discovery, tark continents having a pecular factorial for him. Even the lion's mouth had no terror for him. I once produced him from the interior of a brand-new top hat, like a conjurer an omele. Again, we were very much surprised at breakfast one morbing to see Peter walk out of a rabbit-pic, in which he had secreted himself. PETER STOLEN. he had secreted himself.

I used to let my camory fly about the room and Pe er chased him. The camory fly about the room and Pe er chased him. The camory fly about the room he always flew to an old helmet on a shelf and thus bailled Peter. The camory seemed to know this, for when Peter was in the room he always flew to the helmet and sang in peace. If he perched elsewhere there was a chase, but the helmet was a sanctuary. The limner's eage I placed on the window-sill in sammy weather, and Peter took great interest in him. He could not see the musician, but he leard the muse and tried every means he knew to discover its source. At ast he peeped through a little hole at the back of the cage, and when he saw the bird he was quite satisfied and made no attempt to disturb it. In the matter of cating and drinking Peter was inclined to vegetarianism, being fond of beetroot and cabbage; lut he soon took to carnal habits, always liking his food to le divided into three portions, consisting of greens, potators and meat. In addition to such PETER AT SCHOOLportions, consisting of greens, pota-toes and meat. In addition to such

This time she looked positively severe,

coming to the rescue. "The young lady wants truffles. You had ought to been raised in Roston, like I was." The customer was served properly.

Advice and Got a Fright. A celebrated German physician was once called upon to treat an aristocratic lady, the sole cause of whose complaint was high living and lack of exercise, says the Chicago News. But it would never do to tell her so, so his medical advice ran

thus: "Arise at 5 o'clock, take a walk in the park for one hour, then drink a cup of

coffin is used as a cupboard in which

bread and theese and other necessaries of life are kept, says an exchange. The coffin, it seems, was ordered eighm years ago by the master of tage and has been in use ever since. He and his wife used to have a good many words, and one day she exclaimed to herhusband: "I'll never be content till I see thee in thy coffin."

'Well, las-," returned the latter, ''if that'll content thee, it'll soon be done." that'll content thee, it'll soon be done."

Next day he gave directions for his coffin to be made, and in a few days, when it came home, he got into it and said: "Now, lass, art thou content?"

She began to cry at this, and wanted the horrid thing taken away; but this her husband would not allow.

In the end she became accustomed to its presence, and, so that it might beturned into some account, shelves were put into it, the cover hinged on, and it was thus tuned into a u-eful and original sort of cupboard.

sort of cupboard. And it is satisfactory to know that the collier and his wife have never quarrelled

THE MESSENGER'S FRIEND. How He Relieved a Tired Boy of ar Uncomfortable Load.

A very small boy was crossing Lafayette Square, the most beautiful of Washingten's parks, one Sunday morning. He were the blue uniform of the district of irregular circles, such as a geometrician amazing sight, and we called him in vain. Wore the blue uniform of the district.
